Us.....

Question: Why should I join the CGMA?

Answer: To Grow

Growth: Both personal and professional development

Reputation: Enhance your image and credibility as an industry leader

Opportunity: Network with like-minded individuals

Wealth: Information and Education to strengthen your business

Webster's definition of GROW:

'To come into being, to spring up, to exist and thrive, to increase and develop.'

Member Testimonials

Rick Hager , President

Hager Horticulture

"I have found that being a member of the CGMA has given me the opportunity to form relationships with many of the leaders in our industry. I also enjoy the numerous meetings that we have throughout the year. They are a great way to share fellowship, increase networking and learn new things."

Matt Walker

Blue Horizon Lawn Care

"When I joined the CGMA I had a lot of questions and ideas but did not know who to ask. Every member of the CGMA that I asked for help was very glad to do so. I encourage any and all new members to take full advantage of their membership by attending the meetings. By doing so, you will meet people who are willing to help you in many different ways. You will learn all different aspects about how to run a business, from pricing to dealing with severe weather (i.e. prolonged drought). This organization is only as strong as its membership, the stronger the member participation, the more resources and ideas to pull from. I look forward to seeing you at the meetings."
